

FACES TO WATCH
THE FACIAL-AESTHETIC DENTAL SURGEON

DR. MANRINA RHODE

Dr. Manrina Rhode has shattered the glass ceiling in dentistry. She is one of the UK's leading cosmetic dental surgeons. Dr. Manrina Rhode is a pioneer, she was the first dentist to bring a revolutionary gum filler treatment to the UK and was the first dentist for Harvey Nichols and Harrods.

When she is not transforming smiles, she is

working on DRMR, her incredible professional skincare line. From the Radiance vitamin C serum to the Defence SPF 50 sunscreen, the range has been specifically developed to improve skin health as well as maintaining a healthy appearance.
